- 55 A medical doctor who specializes in the treatment of mental disorders
- 57 The most famous railway worker in psychology
- 58 A neo-Freudian responsible for the collective unconscious
- 62 Brain part responsible for sleep/wake
- 64 A state of internal balance
- 66 This content is the storyline of dreams

- 61

The part of the nervous system that resumes normal bodily function
- 62

The smallest unit of sound
- 63

_____ neuron: a neuron that sends messages TO the brain and spinal cord
- 65

The modification of existing mental structures
- 68

When I can only use a pencil for the purposes of writing and nothing else
- 70

_____ scan: radioactive glucose
- 72

A defense mechanism: When the Justin Bieber fan asserts that he can't stand Biebs.
- 73

Concerned with how and why the conscious mind works
- 74

A defense mechanism: Punching the water cooler in anger
- 76

The space between the neurons
- 78

The minimum level of stimulation needed to detect a signal
- 79

An eating disorder characterized by distorted body image and a refusal to eat
- 80

Designed the Stanford-Binet test
- 81

_____ coefficient: between -1 and +1
- 82

Harry Harlow's experimental "pets"
- 83

Controls breathing and heart rate
- 67

Informing participants of the true nature of the experiment at its conclusion
- 69

_____ learning: When learning occurs without an outward demonstration of the behavior
- 71

_____ interference: My old password prevents me from knowing my new password
- 73

The lobe which contains Broca's area and helps carry out plans
- 75

Studied imprinting...and had a lot of furry followers
- 77

Initiative vs. _____

Note: For a fee, you can use Crossword Weaver to print a nice copy of this puzzle (one that doesn't look like a web page). You can check it out for free by downloading the demo from www.CrosswordWeaver.com .
